POL 003 Carter Accommodation Environmental Policy.

It is within our mission statement and overarching company objectives that we continue to maintain the newest and best eco fleet in the UK.

In carrying out these activities we seek to address and continually improve on the three pillars of sustainability: the environment, society and the economy.

In response it is our aim to carry out all reasonably practicable measures to meet, develop or exceed all statutory or desirable requirements and to continually improve environmental performance, reducing net contribution to climate change, through the implementation of the following:

- Assessment and regular re-assessment of the environmental effects of our activities
- Provision of a framework for setting and reviewing environmental objectives & targets through regular review of our aspects register, management review meetings & other management meetings as appropriate.
- Training of employees in environmental issues
- Our mission to continue to maintain the newest most eco fleet in the UK
- Re-generation of cabin stock returned from hire
- Promotion of the use of recyclable and renewable materials
- Minimisation of waste – production, material and energy.
- Prevention or reduction of the emission of pollutants to land air & water
- Control of noise emissions from operations
- Consideration and protection of two local SSSI's.
- Minimisation of risk to the public, employees and local economy from our operations
- Co-ordination with other Company, OHS and quality policies.

Carter Accommodation recognises and accepts responsibility for the environmental impact of our work activities. This includes our own activities and activities carried out by third parties on our behalf.

Carter Accommodation recognises the importance of environmental protection and is committed to operating its business responsibly and in compliance with all legal requirements, regulatory bodies and relevant accreditors relating to the hire and sales of portable and modular accommodation and associated services. It is our declared policy to operate with and to maintain good relations with all regulatory bodies.

The necessary personnel and financial resources are allocated to assist us in meeting our environmental objectives. In addition we continue to raise the levels of environmental awareness & protection via active participation throughout our workforce and promotion to our customers and supply chain.

As Managing Director it is my responsibility to ensure that this policy is implemented, co-ordinated and maintained throughout Carter Accommodation Ltd.

The environmental policy is maintained by review and version revision, is communicated to all employees, suppliers and sub-contractors; it is available on our website and can be further made available to the public upon request.

Signed:

Darren Arnold, Managing Director.
